PORT WALTER, ALASKA

SEATTLE, WASH. January 11th/17

H.F. Moore

Acting Commissioner

Washington D.C.

Dear Sir;

Your letter of January 12th received, relative to our report on fishery operations at Port Walter 1917 season. The 2569080# represents the total number of pounds, canned, and the \$201522.00 representing the value of the entire pack, ⁿ consisting of 27,693 cases of 1 lb ovals and 8,841 cases of $\frac{1}{2}$ lb ovals.

Can see how you became confused, on account of the 80 in the weight amount being raised with a dash under it. We are sorry if this error of ours has caused you any delay in compiling your records.

Very truly yours

Alaska Herring and Sardine Company

JRC/C
